

# TAFT TURNS ON GOMPERS AND BRYAN

(By Associated Press.)

BUFFALO, Oct. 30.—Sledge hammer blows at Gompers' and Bryan's labor legislation plans were delivered here tonight by William Taft before two immense audiences. Taft gave the names of many labor leaders high in the councils of the American Federation of Labor, who, he said, are leaving Gompers.

"The attempt of Gompers," he declared with great emphasis, "to deliver the labor vote of the country, is as audacious an act of political effrontery as ever occurred in the history of politics. It is most reassuring to note that men associated with Gompers in the Federation of Labor are falling away from him in his effort to make the Federation a political factor."

After expressing belief that the legislation which Gompers proposed to be unconstitutional, Taft concluded: "The charge that I ever sentenced a man without a full hearing or made an order affecting his wages without a full hearing is altogether unfounded and false."

Rockefeller and Carnegie he credited with furnishing funds for the Republican campaign.

"A precious pair and disinterested patriots," he called them for their championship to the Republican presidential candidates. Kern's comments were called forth by a published statement by Rockefeller that he expects to cast his vote for Taft, and were made before one of the biggest audiences he has addressed during his campaign. ## THE O'MEARAS SELL VALCALDA PROPERTIES

(Special to the Bonanza.)

SALT LAKE, Oct. 30.—The Valcalda mining property at Silver Peak was sold today by W. P. O'Meara to a syndicate headed by Samuel Newhouse of this place. Mr. Newhouse and his engineer, M. M. Johnson, will take charge of the property immediately and will increase the mill capacity to a 200-ton daily output and will also start immediately to develop the mine on a much larger scale than is now being worked. The property has been worked so far by the O'Meara brothers, and there has been

no stock issued. It is the intention of the Newhouse people to place on the market a limited amount of treasury stock, the proceeds of which will go for the development work. This venture of Samuel Newhouse and associates in purchasing Nevada mining property means much for this state at the present time and it is believed to be a forerunner of what will happen immediately after the election as eastern capital is holding back until the election of Taft is assured and from this it seems that Taft's election is a confirmed fact.

## A BASEBALL GAME IS ON FOR SUNDAY

Weather permitting there will be a baseball game tomorrow afternoon at the California Heights diamond. The Tonopah Mining and the Montana teams are the aggregations that will cross bats, for since the Montanas won the blue ribbon at the Bishop tournament some weeks ago, the Mizpahs have been seeking an opportunity to take the ribbon away and show that they are the supreme beings on the diamond. Yesterday the Montanas consented to demonstrate the art of baseball to the Tonopah Mining team and tomorrow at 2 o'clock the battle will start. A hot game should be dishd up, for both teams are what you would call sore, and with Westall and Dennison in the box some fancy playing should result. James Kelly will referee.

## WHO WILL WIN?

Great interest is being manifested among the fight fans of Tonopah in the coming match at Goldfield on the night of the third of November between Rube Smith of Denver and Larry Gordon of Butte. Arrangements have been completed with the Tonopah and Goldfield railroad and a special train will be run to Goldfield on the evening of the scrap, the same to return about midnight. The price of the round trip, including admission to the ringside, will be \$5. The odds on the fight are 10 to 6, with Gordon on the short end. Should Gordon win he will probably arrange a match with Jack (Twin) Sullivan of San Francisco. A great deal of interest is being taken in this fistic bout by Tonopah people.
